ING Financial Partners

“Taking the Bull by the Horns”

We talk bulls. We talk bears. Now let's talk about how the different market activities work inside of a retirement investment plan. Investing in equity markets involves risk. When we look back at how the market performed over the last decade, no one would debate that fact. But, moving forward out of one of the worst decades the stock market has ever seen, is it time to ignore the potential of equities now?

Box lunches are provided for this workshop—call 866-628-3811 or email leslie.ogden@us.ing.com to register.
