

Our goal is to serve students, the community, the region, the state, and eventually the country as a center for leadership development.

President Maravene Loeschke, October 2006

The Student Leadership Endowment Fund

- A new endowment, entitled the **Student Leadership Endowment Fund**, will enhance our current academic and extra-curricular programs to provide new on and off campus experiences to better prepare MU students for their future. A sampling of what these activities this Fund will support includes:
 - Send aspiring students to leadership conferences and workshops in Pennsylvania, the United States, and overseas
 - Send students with their professors to present their joint research findings at national and regional academic conferences
 - Bring experts in leadership development to Mansfield for formal and informal sessions
 - Enhance experiential learning for students through internships, mentoring, and other related activities in the residence halls and learning labs
 - Recognize leadership in community services
 - Integrate leadership into the core curriculum
 - Enhance leadership development in all academic programs
 - Develop an undergraduate minor in leadership
 - Create a graduate degree program in leadership
 - Develop leadership possibilities to use in alternative delivery methods
 - Work with local businesses and community leaders to expand programs to meet local needs
 - create partnerships with local businesses, schools, and organizations
